

Description of our Experience and Services

Progressive Driving School is recognized by the Ministry of Transportation

The course is a full defensive driving course which includes collision avoidance and highway emergencies.

The In-Classroom portion covers the mandatory hours (20) required by the *Ministry of Transportation and are done over four days starting at 10.00am until 4.00pm. It covers a strong curriculum consisting of all aspects a student should know to prepare them for safe driving, Defensive Driving, Adverse Condition (especially winter driving) City Driving, Night & low light driving, Highway / Freeway driving and how to merge and exit an Expressway among many skills.

A student must complete all four (4) days of the course and if a class is missed, a makeup class can be taken in a following month before a student can graduate. Graduate with an insurance discount certificate after completing our courses.

In-car lessons are **private one-on-one instruction** and can be arranged around the student's time, they are taught by **full-time** professional dedicated instructors who are patient and courteous and are the most experienced in town. **Note:** All our Instructors obtain an updated **Police Criminal Records Check (PCRC)** and **Vulnerable Sector Check (VSC)** which is an essential component of our hiring process and their vehicles subjected to yearly safety checks.

***All** students must complete ten (10) hours of in-vehicle training. The lessons consist of 12 lessons at 45 minutes' long and one lesson an hour, which meets the 10 in -car hours required. For the in-vehicle training, Progressive Driving School has a **unique payment plan** to suit your time and budget.

Once a student has enrolled, they can, if licenced, start the in-car training before the classroom starts.

Students are taught in a progressive method, which is to approach and negotiate all driving situations in a safe and methodical way so that they have the skills to deal with an ever changing and unpredictable environment.

If you have problems scheduling your time around other activities, we will work with you to plan the course around your time.

***We** can help you pass your G2 exit 1st time, call for a G1 and G2 prep lesson.

***We** teach **winter driving and skid avoidance in season.**

***Refresher courses** and in-vehicle retraining and assessments for drivers of all ages.

***Special training for senior drivers and doctor evaluations.**

***Corporate Training courses for businesses and industry.**

Course Director: Peter Keddie, one of Ontario's most experienced driver educators, of classroom and in-vehicle training with over 30 years' experience.
